Seamless Transitions is an interactive parent-child program in person, indoor for children who are entering Junior Kindergarten in September 2024. This is a six-week program that focuses on nurturing the four foundations of learning; belonging, well-being, expression and engagement that children organically pursue which support optimal learning and a healthy environment. CAPC Educators will support children and their families by providing activities, resources and tips on how to support your child's transition to school. Seamless Transitions will provide you with a chance to observe and take part in their children's play-based learning with the intent of creating a common language and learning between home and school.
