Program Descriptions

Learn and Play: This indoor program follows a developmental approach aimed at fostering the cognitive, emotional, social, and physical growth of children from birth to six years old through interactive and enjoyable activities. The focus is to provide learning through free play and build positive relationship amongst families.

Fun with letters: Join us every Thursday for "Fun with Letters," an interactive indoor program for children aged 0 to 6 and their families, focusing on early literacy skills. Through letter recognition games, songs, and creative activities, children explore the alphabet in a playful setting. The program promotes language development, motor skills, and parent-child bonding. It offers a fun, engaging way to build foundational literacy skills for young learners.

#Storytelling - Snuggle up in a cozy spot at home and get ready to relax and enjoy a story.

Winter Wonderland- Join us for the Winter Wonderland at Denison Park, designed for children aged 0 to 6 years! Enjoy festive activities like snow-themed crafts, storytelling, and winter magic walk. Bundle up and create joyful memories together in this enchanting outdoor experience!

#Circletime- Join us live on Facebook for a lively, interactive session designed to engage young minds in the joy of music and storytelling. Through age-appropriate songs and stories, children explore language development, coordination, and social interaction in a fun, stimulating environment.
